

## My Conservationist Identity

Name: \_\_\_\_\_

**Conservation** is the act of protecting Earth's natural resources for current and future generations.

A **conservationist** is a person who acts for the protection of the environment and wildlife.

Some things I already do to be a conservationist and conserve natural resources include:

- \_\_\_ Turning off lights when I leave a room.
- \_\_\_ Turning off water when I brush my teeth.
- \_\_\_ Not buying lots of stuff I don't need.
- \_\_\_ Trying not to waste food.
- \_\_\_ Using a reusable water bottle.
- \_\_\_ Riding my bike or using public transportation.
- \_\_\_ Gardening to grow my own food.
- \_\_\_ Other: \_\_\_\_\_

Activities that I already enjoy doing outside in nature or would like to do more of:

---

---

---

---

---

Places in nature that are special to me:

---

---

---

---

If I could write a movie about the future I want for our planet, I would call it:

---

---

---

Three words to describe me are:

---

---

---

Animals or environmental topics I would like to learn more about:

---

---

---

What caring for the environment means to me in my own words:

---

---

---

### My conservation mission statement:

I will act as a conservationist and do my part to protect the planet for current and future generations by

---

As I develop my conservationist identity, I will strive to learn more about \_\_\_\_\_

---

When I think about my future, I want to be a person who \_\_\_\_\_
