

WILDLIFE CONSERVATION IS IMPORTANT BECAUSE:

Wild plants and animals can potentially provide us with new foods, medicines, and inspiration for new inventions that will save lives

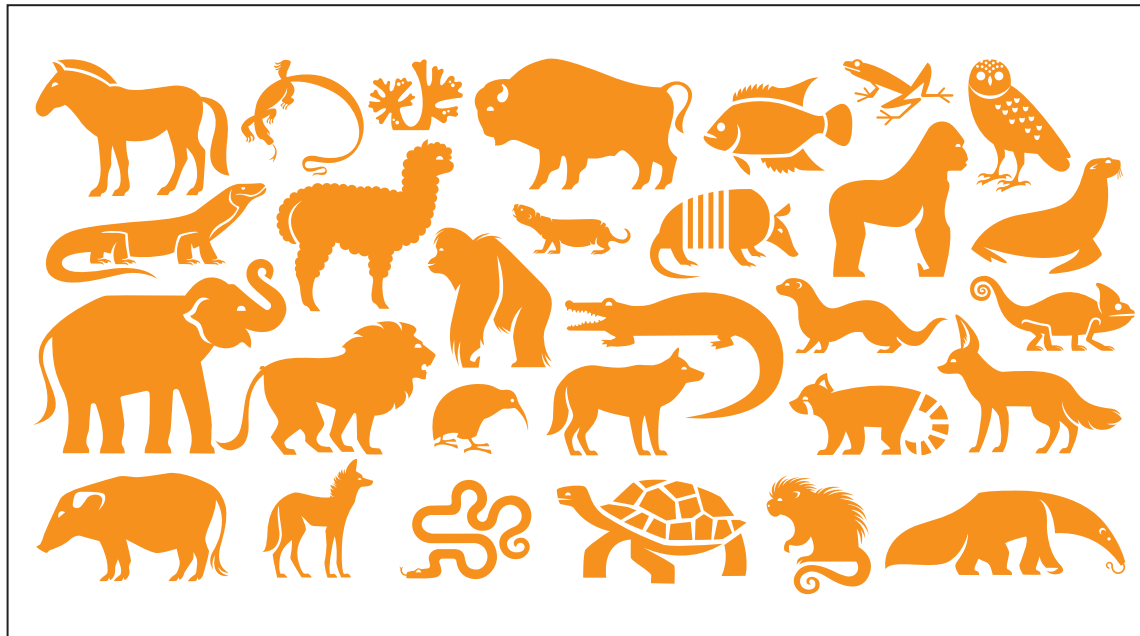

WILDLIFE CONSERVATION IS IMPORTANT BECAUSE:

Healthy wildlife populations help slow the impacts of climate change

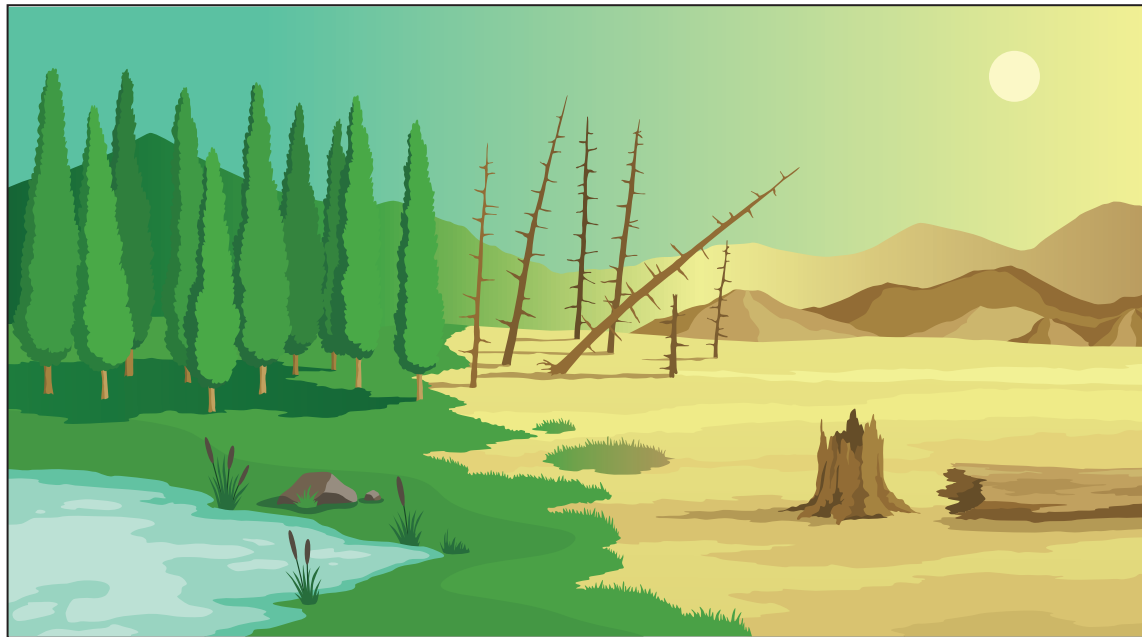

WILDLIFE CONSERVATION IS IMPORTANT BECAUSE:

All animals have a right to exist

WILDLIFE CONSERVATION IS IMPORTANT BECAUSE:

**No generation has the right to destroy
the wildlife for future generations to enjoy**

WILDLIFE CONSERVATION IS IMPORTANT BECAUSE:

Nature provides inspiration for creating art, music, and poetry
