

THINK LIKE A WOLF – DREAM BIG STUDENT WORKSHEET

Name:

Date:

1. Meet the Conservationists

In the “Think Like a Wolf” video, you saw three people on screen who turned their love for wildlife into careers. But there was also a fourth person you didn’t see — the videographer working behind the camera to film the wolves. Write one word or short phrase to describe each of them:

- Taylor (Wolf Researcher):
- Rosie (Carnivore Biologist):
- Rick (Wolf Storyteller/Author):
- Wildlife Videographer (Filmmaker):

Which of these jobs interested you the most, and why?

2. Explore Their Work

Each person uses different skills in their career. Match the skill to the person (you can use more than one skill for each role).

- Curiosity – asking questions and studying animals
- Communication – sharing stories and teaching others
- Patience – waiting, watching, and collecting data
- Creativity – using art, video, or writing to inspire people
- Problem-Solving – finding solutions to conservation challenges

Taylor:

Rosie:

Rick:

Videographer:

Which of these skills do YOU already have? Which would you like to build in the future?

3. Imagine Yourself in the Field

Imagine you could spend one day in Yellowstone working with wolves. What job would you want to try? Circle or write your own:

- Wolf Researcher like Taylor
- Carnivore Biologist like Rosie
- Wolf Storyteller/Author like Rick
- Wildlife Videographer
- Park Ranger
- Veterinarian
- Other: _____

Why did you choose this job?

4. Dreaming Big for Your Future

If you could design your own dream job working with animals, nature, or science, what would it be?

Job Title:

What you would do:

What is ONE step you could take now to explore this career? (Example: join a science club, visit a park, draw wildlife, read about animals, talk to a scientist.)
